**Language**

When you reach Barcelona you will notice, that there are two official languages coexisting in a bilingual social context, Catalan and Spanish. In Barcelona School of Nautical Studies, courses are also given in Catalan or Spanish depending on the lecturer’s choice. Although these languages have the same Latin origin and are very similar, the UPC offers both Catalan and Spanish courses so that you can learn the differences and be able to master them in order to follow the different courses successfully.
Information of language courses offered by the Language Service of our university:
